

Grade 5: Bob Sharma

May 10-14

Math--Daily Math Weeks 21/22/Review of Multiplication

LA--Spelling Booklet /Comic Book (which is optional) they can do comic strip on anything they want, we have done this in class, so kids have a good idea of what they are doing

Science -We have started Wetlands. They can do the Reading Comprehension on Wetlands and Answer the questions

SS--They can do the Confederation review worksheet, and definitions

Also I would encourage them to try to get outside and also draw, free read etc.

May 17-21

Math

Daily Math- Weeks 22/23 Review of Division

LA--Reading Comprehension and answer questions

Science --Continue with the wetlands. Worksheet and questions

SS-Read Chapter 9 (WW1 and the famous 5) answer the questions (for example the Thinking it Through and over to you questions that are in the readings)

I have gone over the package with the kids.
